## FILIBUSTER KILLS MUCH VITAL LEGISLATION

### REPUBLICAN SENATORS IN EFFORT TO COMPEL IMMEDIATE EXTRA SESSION PASS UP BILLS OF GREAT IMPORTANCE

Failure to Pass \$750,000,000 Appropriation For Railroads May Compel Government to Return Roads to Private Ownership Within Next Few Weeks

### PRESIDENT ISSUES FORMAL NOTICE NO EXTRA SESSION AT PRESENT TIME

Senator Sherman Speaks Four Hours During Morning While Great Mass of Much Needed Legislation Awaited Passage

WASHINGTON, MARCH 4. — (Associated Press) — Congress adjourned at noon today in the midst of a republican filibuster in the Senate that killed a long list of important measures.

Among the bills that failed was one appropriating \$750,000,000 for the railroad administration, without which some administration leaders say the railroads must be returned to the owners before April 15th.

There was no turning back of clocks. Democratic leaders realized the situation was hopeless and the gavel ending the great war session and the Sixty-fifth Congress actually tapped at noon.

Just before adjournment President Wilson, in his capitol office, authorized final notice to the republicans that their efforts to force an immediate extra session had failed; that he was unshaken in his determination to not call Congress until he returned from the peace conference.

Adjournment marks the passing of democratic control at the capitol. The Congress that passed at noon began in April, 1917, passed the German war declaration and its almost continuous sessions have been marked by unprecedented legislation and controversy.

The bills that failed included both army and navy appropriation measures. The only two important measures that ran the gauntlet of the last 48 hours of filibustering were the victory loan and the wheat guarantee bills.

The filibuster of the group of republicans working for an extra session continued until the end. Senator Sherman, republican, who began a speech at 7:30 a. m., held the floor more than four hours and successfully prevented further consideration of the railroad appropriation. The last half hour of the session was spent in roll calls on a House resolution to which amendments were proposed providing for early demobilization of the American army.

The resolution never reached a final vote, amendments being under consideration when Vice President Marshall's final gavel dropped. There was no further action on the resolution offered by republican leader Lodge, and signed by 38 republican members of the next senate opposing the league of nations in its present form.

The House resolution urging American peace delegates to make an effort for Irish independence also died in the Senate.

### WILSON ISSUES SHORT STATEMENT

(By Associated Press) Washington, March 4.—Upon the adjournment of Congress today with important legislation killed by the republican filibuster, President Wilson issued a statement saying:

"A group of men in the Senate have deliberately chosen to embarrass the administration of the government to imperil the financial interests of the railway systems of the country."

#### CONTRACT BILL SIGNED

Washington, March 4.—(By Associated Press)—The bill validating and authorizing adjustments of more than two and a half billion dollars of war contracts and the thirty-three million dollar river and harbors appropriation bill were signed today by President Wilson.

### PRESIDENT AND VICE PRESIDENT LEADING PARADE

PRESIDENT WILSON AND VICE PRESIDENT MARSHALL

One of the most impressive pageants in the national capital was that held recently in which 18,000 troops and civilians, headed by President Wilson and other notables, marched down Pennsylvania avenue, marking the welcome home of the soldier boys Washington sent to France. The photograph shows President Wilson on the left, carrying an American flag, and Vice-President Marshall heading the parade. President Wilson is shown taking a light, springy step, indicating his fine physical condition.

### GOVS. EDGE AND COX CLASH

WASHINGTON, MARCH 4.—(Associated Press)—A clash between Governor Edge of New Jersey and Governor Cox of Ohio developed today at the conference of governors after an attack of Governor Edge on the government's policy of "trying to do too much for the people."

Governor Cox said the government was not doing enough. After Governor Cox concluded a speech urging the government to determine the basis of reasonable prices, reduce freight charges on road materials and start at once a railroad improvement program and criticizing Governor Edge's remarks, the delegates stood and applauded for nearly a minute.

### WILSON STARTS ON HIS RETURN TO PEACE MEET

Leaves Washington at 2 O'clock This Afternoon For Philadelphia

Believes People With Him in Regard to No Extra Session of Congress Now

(By Associated Press) Washington, March 4. — President Wilson started on his return to Paris today after adjournment of Congress had marked the close of his tremendously busy week at the capitol.

The last act of the President was to issue the statement reaffirming his belief that his duty was to attend the peace conference and placing upon the group of men in the Senate who conducted the filibuster responsibility for failure of necessary legislation. He said it was not in the interest of right conduct of public affairs that he should call Congress in special session during his absence and ex-

pressed confidence that the people would think he made the right choice. The special train left at two o'clock for Philadelphia amid enthusiastic ovations by crowds. From Philadelphia he goes to New York where he will speak tonight.

### FAILURE NOT BAD FOR ARMY

(By Associated Press)

Washington, March 4.—Failure of the army appropriation bill and other military measures to pass before Congress adjourned leave the war department in a "difficult but not a serious situation," Secretary Baker said today. "No immediate shortage of funds to care for the troops is in prospect," he said.

### WILSON HAS FULL PROGRAM

(By Associated Press)

New York, March 4.—During President Wilson's stay of four hours here tonight he will speak to 5000 persons on the league of nations; hold a private conference with former President Taft, and receive a delegation of 20 Irishmen who will request him to present the subject of self-determination for Ireland at the peace conference.

### CRABBE PROHIBITION PLAN IS FAVORED

Columbus, O., March 4.—(Associated Press)—The House and Senate temperance committee, meeting today, recommended for passage the House bill by Representative Crabbe, of Madison county, as amended, providing for enforcement of state-wide prohibition in Ohio after May 27th.

Representative Crabbe announced that the bill would be made a special order for action in the House early next week.

### SPARTACAN MOVEMENT IN BERLIN VERY GRAVE

General Strike is Called and Overthrow of Republic is Sought in New Effort

#### WILL GUARD FACTORIES

Radical Aims of Spartacans Announced in Appeal Issued

(By Associated Press) Berlin, March 3.—The national Spartacus League and the greater Berlin Communist organizations have issued an appeal for an immediate general strike and overthrow of the national assembly and the present republic.

The organizations instruct their followers to assemble at factories to prevent work and direct them to avoid street demonstrations in order that the government may have no opportunity to crush the movement by force.

As regards strikes outside Berlin, reports from the Essen district show that the miners strike has been renewed.

The aims of the proposed strike as called by the Berlin Spartacans include the introduction of factory councils in all plants to regulate factory affairs and ultimately taking over of the factories, the dismissal of government troops and disarmament of all non-socialists, the withdrawal of all troops from Bremen and the formation of a Red Guard under control of the Soviets which would take over all military and police powers. The liberation of all political prisoners and establishment of a revolutionary tribunal to try the "chief culprits of the war," the Hohenzollerns, Field Marshal von Hindenburg, General Ludendorff and the traitors to the revolution including President Ebert and Chancellor Scheidemann are also called for.

### ARE MARCHING UPON MUNICH

(By Associated Press)

Paris, March 4. — Bavarian troops opposed to the radical government in Munich are marching on that city according to a dispatch from Zurich received here. This announcement was made at the soldiers' and workmen's congress in Munich.

#### ROBBERS SET FIRE TO STORE

Mansfield, Ohio, March 4.—(By Associated Press)—Holdup men, presumably disappointed with loot of \$160, set fire to the grocery store of S. Gardner at the point of their guns early yesterday morning. When the firemen arrived they found that the flames covered the rear of the building.

## WAR CONGRESS CLOSES GREATEST SESSION IN HISTORY OF THE LAND

SIXTY-FIFTH SESSION COMES TO CLOSE AT NOON TODAY WITH USUAL CONFUSION OF FINAL RUSH TO COMPLETE WORK BY SPECIFIED TIME, AND PRESIDENT SIGNS THE LAST MEASURE.

### MANY IMPORTANT BILLS GO OVER

CONGRESS JUST ENDED APPROPRIATED SIXTY BILLION DOLLARS AND AUTHORIZED TWENTY-FIVE BILLIONS IN BONDS, ALSO ENACTING COUNTLESS MEASURES FOR PROSECUTING WAR TO SUCCESSFUL CONCLUSION.

WASHINGTON, MARCH 4. — (Associated Press) — The Sixty-fifth or great war Congress passed into history today with final taps of the gavel by Vice-President Marshall and Speaker Clark at noon. Failure of scores of important bills gave promise of early convening for reconstruction legislation of the new Congress in extraordinary session, in which control passes from the democratic party to the republicans.

Unusual scenes of confusion in the final rush to complete its work accompanied the closing hours of Congress, in which President Wilson, just back from France in his room off the Senate chamber, hastily signed many last-moment measures.

Stupendous was the record of the Congress, which carried the nation into and through the war and which had been in almost continuous session since it was called by President Wilson into extraordinary session April 2, 1917, to declare war against Germany. It appropriated about \$60,000,000,000, authorized \$25,000,000,000 in bonds, and enacted countless measures for prosecuting the war and of domestic import.

The new Congress will take up the limitless task of reconstruction problems, ratification of the peace treaty and other vital questions, probably immediately after the return of President Wilson from his second visit to France.

### FARMERS WILL RECEIVE \$2.26 FOR 1919 CROP

President Signs Wheat Guarantee Bill Early This Morning

(By Associated Press)

Washington, March 4.—President Wilson today signed the wheat guarantee bill carrying an appropriation of one billion dollars to maintain the guaranteed price of \$2.26 a bushel.

#### SUFFRAGE MOVE BLOCKED

Washington, March 4.—(By Associated Press)—Chairman Jones, of the Woman's Suffrage Committee, sought today to advance the parliamentary status of his compromise suffrage resolution, but Senator Weeks, of Massachusetts, Republican, blocked the move with an objection.

### STATE OF SIEGE IS DECLARED

(By Associated Press)

Copenhagen, March 4.—The Prussian government has declared a state of siege in the police districts of Berlin, Spandau, and other suburbs of Berlin in order "to protect the bulk of the working people from famine and the terror of the minority."

Minister of war Noske, a dispatch from Berlin says, has assumed executive power.

### ADDRESSES A FEATURE

Special features of the Sixty-fifth Congress were many addresses by President Wilson, including those recommending war with Germany and Austria, that of January 8, 1917, enunciating his famous fourteen principles of peace, and those endorsing woman suffrage, announcing the armistice terms imposed upon Germany last November, and his recent address detailing accomplishments of his work at Paris.

There were three sessions of the Congress. The first, extra session met April 2, 1917, following shortly after the turbulent and successful Senate filibuster on the administration armed ship bill which marked the close of the Sixty-fourth Congress. The dramatic night address of President Wilson to urge war with Germany, which was promptly declared, marked the opening of the extra session, called but a few weeks after the President's inauguration for a second term. The session closed October 6, 1917, lasting 188 days. The second session—lasting 354 days and the longest in the history of American government—began December 3, 1917, and adjourned November 21, last. The third and final session which ended today began December 2, last, and was the statutory short session of 93 days.

Substantial democratic majorities in both Senate and House since President Wilson's inauguration.

## A Popular Appointment

The appointment by President Wilson of Herbert C. Hoover to be Director General of the American Relief Administration created under the new \$100,000,000 European famine relief bill, with authority to direct the furnishing of foodstuffs and other urgent supplies and to arrange for their transportation, distribution and administration, is a popular one and in line with the wishes and expectations of the American people.

Mr. Hoover, who already had been made Director General of allied relief under the commission sitting in Paris, was also given full power by the President to determine to which of the populations named in the relief bill the supplies shall be furnished and in what quantities.

Not alone is Mr. Hoover the most competent man who could be chosen to carry out this gigantic relief work; he has the confidence of the people to such a degree that his being named as the director insures a feeling of security in the wise and careful distribution of this enormous fund and the belief that through his safe administration the greatest good to the greatest number will be done.

For some time Mr. Hoover has been in Europe studying the subject of European relief and already has acquaintance with the conditions and needs overseas. His successful work as National Food Administrator during the war and prior to that as head of the Belgian relief have convinced the people of his exceptional fitness for this difficult undertaking and that his experience, understanding and force will be as judiciously used in the expenditure of the \$100,000,000 relief fund as they were in his other administrations.

## Moving Time

The first of March brings, each year, changes to the rural population of Fayette county and marks a significant date, for it's "moving time."

This incoming of Spring is the signal for a general change among the large number of tenants who are numbered among Fayette's energetic farmers. Their exodus from one part of the county to another is marked by a procession of wagons or moving vans, farm implements and stock that is seen at no other time of the year and the passing of which frequently arouses the wonder of those unfamiliar with this March custom.

This changing of neighborhoods and homes means also, frequently, changes in friendships and there is quite a little sadness accompanying the removal from a section and neighbors endeared by years of residence.

But it's all in a lifetime and before long new friends and new interests are found and, while the old are not forgotten, they cease to be as greatly missed.

These March changes have a broadening influence, familiarizing the movers with different parts of the county and bringing them in contact with different ways of doing things. They lead to extended acquaintances and interests that often prove beneficial.

## POEM FOR TODAY

### THE DERELICT

tramp the golden roads of Here and There,  
I'm numbered with the foot-loose and the free,  
court the life the gentler wouldn't dare,  
I'm everything the nobler wouldn't be.  
I'm all the younger son should not have been,  
The worst that hopeful parents used to fear;  
I'm marked up with the ones that never win,  
And running true to form with my career.  
I'm he who brings the whisper in the pew,  
The prayer for wayward ones upon the street—  
The kind that barren missions beckon to,  
And shame them down the sawdust trail retreat;  
The kind the goodly parson at the church  
Warns his dear congregation not to be;  
That leaves his widowed mother in the lurch—  
The wilder son, who ran away to sea!  
Elected to the Worthless Sailors' Men,  
The world can tell you just what I will do—  
Get drunk and ship; get paid and ship again—  
So I do all that I'm expected to,  
I list a bit to starboard when I walk,  
My timbers not as straight as years ago,  
I shift my quid to leeward when I talk  
But I take my trick and stand it, heel and toe.  
I'm a relic of the Has Been, and the Was;  
A remnant of the things that seemed to be,  
A sorry jargon of effect and cause,  
earn my daily bread upon the sea,  
chase the rainbows of the painted town;  
dicker with the fates, and many men;  
I've had my fun, and paid the money down,  
From Brest to Singapore and back again,  
I've seen the sun go down on better days,  
I'm advocate of sport for love of sport,  
I'm loafer with the Steves on the quays,  
I'll ship on any craft for any port!  
—Durt Franklin Jgness,

### HOLD ONTO YOUR HAT

There's always something funny to everybody about a man chasing his hat. Except to the man that's doing the chasing. Another thing is, the hat always seems to take a fresh start away from you just as you reach to pick it up. Ever think about the thing you're chasing—Your Ambition—in the same way as your hat? Every one gives you the laugh until you catch it and then it ceases to be humorous. You can't stop chasing your hat because someone laughs. Don't stop your purpose in life for the same reason. Keep after it 'till you catch it. No one now laughs at Fulton for chasing his hat—which was the steamboat. Or at Lincoln for chasing his hat—which was freeing the slaves.

# News of Interest to Women

The "Philathea" met with Mrs. Roy Thompson, on Broadway, Monday evening at their regular monthly meeting.

After a short business meeting, light refreshments were served. Piano and Graphola music were enjoyed during the evening and the members also participated merrily in a taffy pulling.

Pleasurable anticipations galore are aroused by the announcement of the booking of a Miami Glee Club concert for Friday evening, March 28th. The club is an unusually strong one this year with exceptionally good soloists and plenty of "pep," and the fact that it is some time since a university Glee Club has appeared here will make people all the more anxious to hear it.

The concert will be given under the auspices of the High School Boys' Glee Club and the net proceeds will go for Home Welfare work.

Friday, with Mrs. Austin F. Hopkins hostess, the Mission Study Class of the First Presbyterian Church closed an interesting series of afternoons, profitably spent in the study of Oriental women and the need of missionary work in the far East.

Mrs. Wm. Boynton Gage has been the efficient club leader for the year and a pretty little gift, expressive of the class' appreciation of her interest was presented by Mrs. Frank M. Fullerton on behalf of the class.

A much enjoyed social hour, with afternoon tea served by the hostess, brought to an end these afternoons which have brought together a number of Presbyterian women and increased through the information imparted zeal in missionary work.

For sometime the girls of the Domestic Science Classes of the local High School under the direction of Miss Ruth Dow, instructor, have been serving noon day lunches to the teachers and pupils who care to stay at the building during the noon hour.

These lunches are not served on a money making basis but at actual cost to give the girls lunch room training.

This kind of training is especially desirable both along the line of Home Economics and the study of food values and gives to them a practical benefit which can hardly be overestimated.

For a very small sum delicious viands of meats, vegetables, salads and pastry are prepared and served by the girls in attractive cafeteria style.

Brilliantly closing the pre-lenten season the Mardi Gras Carnival under the auspices of the ladies of St. Andrew's Guild, recorded itself a tremendous success, with between two hundred and two hundred and fifty people enjoying the novelty and pleasure of the affair.

The Eagles' hall presented a typical gay carnival scene, with masqueraders engaging in true festival merry making. The costumes were on a much more elaborate scale than last year and ran the gamut of the pretty, the fantastic, the grotesque and the ridiculous. Spectators greatly enjoyed the fun of it all and found great interest in trying to pierce the disguises.

The spirit of the Mardi Gras festival permeated the crowd and to the splendid music of Whelpley's Orchestra the dance went merrily on until the Home Sweet Home waltz signaled the end had come.

Liberal patronage was accorded the refreshment booth when the women of the Guild served sandwiches, ice cream and punch.

The affair realized between seventy-five and a hundred dollars for the Guild treasury.

Especially to afford opportunity to teachers and other chapter members, not having the time to attend afternoon meeting, the Daughters of the American Revolution include an evening meeting in the year book. This was the March meeting held Monday night at the Federated Club rooms and every effort was put forth to make the program attractive.

A preliminary business session was conducted by the Regent, Mrs. Harriet Woodward. Splendid reports were made by the secretary, Mrs. Eliza Mark Waddell and two new members registered.

Mrs. Ada Jones read an interesting letter from the mother of one of the two French orphans now being supported by the local Daughters, little Henrietta Le Contoux, five years old— at Oyonville Eurett Loirie, France. It was beautifully written in French and translated by Mrs. Helen Jones Kennedy, was fully appreciated. The mother wrote that she "wanted to keep in touch with her kind benefactors."

The chapter voted to send money to be used in the restoration of the French village, Tilliboy, which is being entirely restored by Daughters of the American Revolution, the Ohio Daughters re-building four cottages.

The chapter also voted a contribution to the George Washington Memorial at Washington, D. C.

Mrs. Joseph Hidy will represent the local chapter at the State Convention meeting in Cleveland next week.

The program was then presented, the hostesses Mrs. Bay, chairmans Mesdames Haidee Coffman, Minnie Brown, Misses Lizzie Bell, Anna Bell Fantie Parrett, Montrose Parrett, Stella West, Corda McCafferty, Ida Hays.

The evening's quotation, "Blessings on Science! When the earth seemed old, 'Twas she disclosed a future to its view, and made old knowledge pale before the new," struck the keynote for an exceptionally fine paper by Mrs. Joseph Hidy, her subject "Scientific Advancement during the War." The Daughters were indebted to the writer for an immense amount of condensed and up-to-date information.

Miss Dorothy Parrett contributed a charming vocal solo, Mrs. Lillie G. Davis accompanist and Mrs. W. D. Craig rendered artistic piano numbers.

Miss Ethel Spray contributed a delightful monologue and responded to a persistent encore.

The singing of America closed the meeting.

Mrs. Jennie Bailey, of Detroit a Daughter, whose removal from Washington C. H. has never ceased to be regretted, was a welcome guest

Miss Mae Kennedy, daughter of Mr. J. H. Kennedy of New Holland, returned to her home in New Holland Sunday night after almost a year's war work in France as a member of the National Mental Hygiene Association Unit formed in New York to take charge of shell shock patients.

Miss Kennedy arrived in New York on the seventh of February and was sent to Washington, D. C. where she received her discharge. Enroute home she spent a couple of days with her sister in Ashtabula and also visited Miss Maude Flynn in Columbus.

While overseas Miss Kennedy was stationed at Toul, France in a hospital quite successful in restoring soldiers who had suffered from shell shock to the normal. It was intensely interesting work and one for which Miss Kennedy was particularly well fitted having been chief nurse at the Kankakee, Ill. Hospital for the past twelve years. She took her course in Mental Hygiene at Columbia University, N. Y., just before going over. She received her degree from Columbia and also attended the Chicago University. After graduating in trained nursing from the Saint Joseph Hospital, Chicago, Miss Kennedy supplemented this course at Battle Creek Sanatorium, Battle Creek Mich., so that her knowledge and experience were both a splendid equipment for this difficult branch of hospital work overseas.

On Friday night Miss Kennedy will speak at the town hall in New Holland and relate her experiences, an address anticipated with much interest.

Misses Lelia and Ruth Donohoe, Margaret Tilton, Helen Bireley, and Wilma Hammer were in Wilmington last night to see "Come Out of the Kitchen" at the Murphy theater.

## HOME CROWDED FOR FAREWELL

The Kilgore home on North North street was crowded with friends, many not able to gain entrance, for the funeral services of Mrs. A. P. Kilgore Monday afternoon. The gentle, kindly woman had made friends for herself in whatever locality her residence had been made and people were in attendance from all over the county, especially from the Jeffersonville neighborhood and that of Good Hope, the home of the daughter, Mrs. W. A. Rodgers.

The services were quite simple and beautifully appropriate, conducted by Rev. Arthur P. Cherrington of Grace M. E. Church.

The minister read the hymns "Rock of Ages" and "Abide With Me" and followed the memoir with a short talk on the comfort which comes from the Christian religion in these sad hours of separation and brought from its tenets a message of heart-healing to those so sorely bereaved.

Many flowers from relatives and friends surrounded the casket, which was covered with a beautiful floral blanket, the remembrance of the immediate family. A long line of autos formed in cortege for the Washington cemetery, where burial was made in the family lot. The pallbearers were Dr. C. V. Lanum, Messrs. Elmer Zimmerman, Robert Wilson, Samuel Zimmerman, Homer Kessler and Paul Hawes, of Jamestown. Relatives who came for the services were the two brothers Messrs. Fletcher and Geo. Zimmerman, Laban Kilgore and Paul Hawes, of Jamestown, Mr. O. A. Zimmerman, Mr. and Mrs. David Douglas, Miss Nettie Douglas, of Greenfield, Mr. and Mrs. C. H. Neil of Xenia, Mr. Elmer Plyley of Columbus, Mr. and Mrs. Charles Wirsing of Jeffersonville.

## FUNERAL SERVICES HENRY H. PAVEY

A very impressive little service was conducted Monday morning at the Memorial Chapel in the Washington cemetery, for Mr. Henry H. Pavey, who died at the home of the daughter, Miss Eliza Pavey in Columbus, and was brought here for burial. Rev. Nelson of Sabina officiated.

A number of old acquaintances from this community and Sabina gathered with the family for the last farewell. Services had been held in Columbus on Sunday afternoon. Accompanying the body from Columbus were Miss Eliza Pavey, Mrs. Sarah Godley, and two sons, Mr. and Mrs. Will Pavey, and daughter, Mr. and Mrs. Dan Pavey and daughter. Others here for the services included the brother Mr. Gilbert Pavey of Leesburg, Mr. Henry Pavey of Sabina, and Mrs. Dave Morris of Wilmington.

## DEATHS MORRIS

Hiram B. Morris, aged 90 years, died Monday night at eleven o'clock at the home of the son, James H. Morris, on Walnut street.

Funeral services will be held Wednesday afternoon at 2 o'clock at the home. Burial will be made in the Washington cemetery.

**CONGRESS CLOSES**

(Continued from page one.)

ration six years ago now have passed. In the new Congress, the Senate will have 49 republicans and 47 democrats and the House 238 republicans and 193 democrats, 1 socialist, 2 independents and one prohibitionist.

**MANY VETERANS RETIRE**  
Many veterans in both houses retired with today's adjournment. In the Senate these included Senators

Saulsbury, of Delaware, president pro tem; Lewis, of Illinois, democratic whip; Shafroth, of Colorado; Thompson of Kansas; Hardwick of Georgia; Hollis of New Hampshire, and Vardaman of Mississippi; Goff of West Virginia; Smith of Michigan and Weeks of Massachusetts. Among prominent representatives whose services ended were Miss Jeanette Rankin of Montana, the first woman elected to the House; Meyer London of New York, Socialist; Swager Sherley of Kentucky, chairman of the appropriations committee; Hayes, of California; Keating, of Colorado; Powers of Kentucky; Foster of Illinois; Cox, Barnhart and Dixon of Indiana; Miller, of Minnesota; Borland, Missouri; Parker, New Jersey; Gordon, Ohio; Farr, Pennsylvania; O'Shaunessy, Rhode Island; Slayden, Gregg and Diaz of Texas, and Cooper and Stafford of Wisconsin.

**SOME NEW FACES**  
New Members of the next Congress include Senators-elect Harrison, of Mississippi; Harris, Georgia; Stanley, Kentucky; Capper, Kansas; Edge, of New Jersey; Elkins, West Virginia; McCormick, Illinois; Newberry, of Michigan; and Walsh, Massachusetts.

Partisan politics, although it caused the mandate for change from democratic to republican control of Congress, was largely buried during the war period, war measures being hastily rushed through with big bi-partisan majorities. Many acute controversies, however, marked the Congress. Among these were the 1917-1918 question of war efficiency, developed from an investigation of the Senate Military Committee and reaching a climax in the dispute between President Wilson and Senator Chamberlain of Oregon, chairman of the committee. Others involved the league of nations, the Overman bill conferring unlimited authority on the President to reorganize government departments, government control of railroads and the food control act.

**IMPORTANT MEASURES.**  
During the first session of the Congress, devoted largely to prosecution of the war, among the important measures passed were:

The war declaration against Germany signed April 6, 1917; the selective draft act; the law for seizure of interned German ships; the war risk insurance bureau act; the first war revenue bill; the food and fuel control law; the daylight saving measure; the initial and recordbreaking aviation appropriation of \$640,000,000; the trading with the enemy act; and measures providing for soldiers and sailors insurance and protection of their civil rights at home.

Outstanding measures of the second, long session, were: The Austrian war declaration; the national prohibition resolution; the Webb export trade act; the alien property custodian bill; the laws for government control of railroads, telegraphs, telephones, cables and radio utilities; the second draft law; the war finance corporation act and the Overman reorganization bill.

During the last session, completion of the \$6,000,000,000 revenue bill was the chief accomplishment in addition to completion of waterpower, oil, gas and coal land development legislation, authorization of additional bonds and the huge annual appropriation bills.

Woman suffrage also was a much debated topic, but was defeated in the Senate last month, 55 to 29, lacking the necessary two-thirds by margin of one vote, after the resolution proposing submission of an equal suffrage amendment to the Constitution had been adopted by the House on January 10, 1917, by a vote of 274 to 136. The campaign for its adoption will be renewed in the new Congress.

**NUMEROUS PROBES MADE**

Investigations by both Senate and House committees were numerous throughout the three sessions. Among these were the inquiry into disloyalty charges against Senator La Follette of Wisconsin, which recently ended in a vote dismissing the charges. Other important inquiries, in addition to the Senate Military Committee's general army investigation, were those into radical, pro-German and brewers' propaganda, activities of the National Security League, regulation of the meat industry; the railroad question, into coal and sugar condition; the Ford-Newberry senatorial election contest from Michigan, and the Hog Island shipbuilding enterprise.

The Senate confirmed thousands of nominations. It ratified treaties for acquisition of the Virgin Islands, for reciprocal drafting of aliens and several commercial and arbitration treaties. Despite the support of President Wilson, the \$25,000,000 Colombia treaty again failed.

## YOU ARE AS STRONG AS YOUR STOMACH

You might just as well expect an automobile to run without gas as to expect a person to work well with a weak stomach. Your digestion furnishes the nourishment upon which you run the machine called your body. Let the food digest properly, and every part of your system has the supplies to keep it in perfect working order. But when indigestion comes on, the blood is polluted with fermentations that weaken every organ. Soon you have headaches, because this bad blood affects the brain. Backache follows. You get up in the morning after a restless night as tired as when you went to bed.

You drag along all day, driving the machine by will power until you have to quit with rheumatism, kidney trouble, or some other serious breakdown—and all because you didn't find the right treatment for the indigestion.

Years ago Dr. George B. Parker had hundreds of such cases and worked to develop a remedy that he could depend on. When he found it, and proved it by thousands of such cases, he put it on the market. Today for \$1 you can obtain a box of Dr. Parker's Treatment for Indigestion and Constipation that is guaranteed to relieve you or your money will be returned.

Right here, in this town, are many people who have found it. They are represented, and who tell their sick friends about it. Maybe you know some one who has found health through this treatment. If not, try it entirely at our risk. You will be wonderfully pleased with the results. Stop at your drug store and get a box today. There is no need of your suffering any more.

Prepared and guaranteed by Geo. B. Parker, M. D., Athens, O.

Regular meeting Tuesday evening at 7:00 p. m. Work in third degree. A good attendance desired. Visiting brothers welcome.

## Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, cathartics, oil purges, and other forceful bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep you in the best condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold everywhere and recommended by your druggist.

## COUNCIL TAKES UP CLEANING OF CITY'S STREETS

Solons Planning Definite Action Toward Bringing Relief at Special Session Two Weeks Hence

Rowe Declares Last Payment on Old Streets This Year Makes Other Work Possible

The Monday night session of the city council was very brief, and little business was transacted. However the solons adjourned to meet on Monday night, March 17th, when the chief business to be considered will be legislation for cleaning the city streets, a thing for which the citizens have been clamoring for years.

City Auditor Hitchcock was not able to be present, and Solicitor Junk was asked to fill the position of clerk which he did like a veteran.

Mayor Dahl urged that action be taken looking toward proper cleaning of the city streets and President Solons agreed that something should be done, and that the paved streets should be cleaned if there was any way possible, in the face of the injunction preventing the city from purchasing a flusher.

Rowe announced that the Ways and Means Committee, Auditor and Solicitor recently met and discussed the street cleaning proposition with the result that headway had been made toward solving the perplexing problem, and asked that council adjourn until Monday, March 17, when it was expected that a definite program for street cleaning would be ready for presentation.

"If the city can get hold of part of that \$20,000 due from various citizens on unpaid special assessments, the streets can be looked after in 'good shape' announced Councilman Rowe during the course of his talk on the street cleaning subject. He urged that council assist Prosecutor Rankin in every way possible in bringing about collection of the unpaid assessments. Before taking his seat Rowe declared that by next year it would be possible to take up additional street improvement, as the last payment on old up-town streets would be made this year, and that would release some \$4,000 yearly for use elsewhere.

Mayor Dahl's report for the preceding month showed collections as follows: Fines \$142.60; Costs \$51.60; Licenses \$5.00.

Two catch basins on South Main street near the end of the improvement on that street, were ordered in.

## GREAT SACRIFICE OF FRANCE FOR AMERICA

France has put 8 million of her 35 million population into the trenches and has poured out her life's blood for America and democracy. In addition we owe her a large debt of gratitude for a perfect remedy for stomach, liver and intestinal ailments which her peasants discovered and successfully used. The ingredients are now imported and sold by Geo. H. Mayr, leading Chicago chemist under the name of Mayr's Wonderful Remedy. Marvelous results are said to have been achieved by it here. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## ROLL OF HONOR

There is no indication how soon the casualty lists will cease to be issued, but it is expected that within a few days there may be some definite announcement.

Today's list contains 399 names, and the major casualties are divided: died of disease 61; missing in action 4; wounded severely 18; died of wounds 14.

The 302 minor casualties are divided: wounded degree undetermined 123; wounded slightly 56.

No names from this part of the state appear among the 41 Ohioans in the list.

## GETTING READY FOR BIG MEET

The Washington High School Basketball team has been undergoing some strenuous practice this week in view of the approaching participation in the State Tournament which is being held at Ohio Wesleyan University.

The team will leave for Delaware Thursday morning to be on hand for the games which start Friday morning. All the games will be played at Edwards Gym where two contests may be played at one time.

The Washington boys do not expect to land in the finals against such an aggregation of picked teams but they expect to do their best and the good wishes of the city go with the squad.

Stutson's Dollar Day is Bargain Day Next Thursday.

## MOTOR MAIL TRUCK MAKES LAST TRIP

The motor mail truck which has been operating between Columbus and Hillsboro, making stops for mail in this city both trips, made its final trip Tuesday.

Because of the fact that the service has not paid expenses, and was very sparingly patronized due to the fact that train service and rural routes cover the entire route very thoroughly.

Next Thursday is Dollar Day at Stutson's.

## EYE OF LITTLE GIRL IS REMOVED

Bernice, five-year-old daughter of Mr. and Mrs. George Glaze of this city recently underwent an operation at the Fayette Hospital for the removal of her left eye, and the operation was entirely successful.

Some two years ago the child's small brother threw some object which struck the little girl's eye and destroyed the sight, and since that time the eye has been causing her a great deal of trouble.

**OLD FOLKS TAKE NEW LEASE ON LIFE**

They All Look Into the Future With Confidence

This is the situation of hundreds of elderly men and women that have had their youth and health restored in such a short time. Aged men and women who have been steadily declining to the regret and dismay of fond relatives and friends are now hale and hearty, active both mentally and physically. Life to them has renewed the joys and pleasant anticipation of youth, where before it meant the usual steady progress down hill, with the decline and useless burden to themselves and everybody around. How they all dread this and how unnecessary it is.

A lively "old timer" said to our reporter, "I am now seventy years of age and my wife sixty-five and we both feel that any remedy that will truly build up the strength and increase the power of endurance of people of our age should be known to every nervous run down, man, woman and child. Phosphated Iron did the work for both of us, and we made up our mind to let all of our friends know about it. Take it from us we certainly have spread the gospel of Phosphated Iron through this neighborhood, so much so that hardly a day goes by without some of our friends stopping to thank us for putting them wise to such a splendid preparation."

Our city is full of just such experiences. There are thousands of men and women in all walks of life who need a strength and blood building nerve tonic, but do not know what to take. For this there is nothing like good old Iron and Phosphates in the right combination "Phosphated Iron" to give increased strength, snap, vigor and staying power together with freedom from all nerve troubles. It enriches the blood, feeds starved nerves, brings a full healthy color to the cheeks, is an unfailing source of renewed vitality, endurance and power for men and women who burn up their nervous energies too rapidly in this day of strenuous business and social competition.

Iron and Phosphates have been known to Doctors for years as being absolutely necessary to enable your blood to change food to healthy, strong, live nourishment and make nerves like Iron. Phosphated Iron will do this for you. Try it today and be a "live one" again. "Come back", it can be done, the proof is everywhere around you.

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.
